Welcome to Princeton Academy!

The first day of school is an exciting milestone in your child's life. Your child is embarking on a journey that will lead them on many roads of discovery and learning. As wonderful as this new experience may be, it can also be quite stressful for the young child. New situations and change can, at times, be unsettling for all of us. For many children this may be their first experience of separation from parents or care givers at home. It is common for even the most outgoing child to be anxious the first day of school.

We have provided a few suggestions for assisting your child during this time. Remember the school staff will be available to provide support and assistance; making your child's first school days happy days.

- Prepare your child for the new school experience by explaining what to expect. Answer all questions directly and honestly.
- Convey a positive attitude. Young children are aware of your feelings. Your enthusiasm will assure the child that school can be a fun and exciting place.
- Establish a routine involving both the night before a school day as well as morning preparation. Rituals and routines will add predictability and are comforting in unfamiliar situations.
- Bring something from home. This is acceptable and often reassuring in helping the child with the initial adjustment to school. This item may be a treasured blankie or even a photo from home.
- Clearly state to your child where you will be and when you will return. It may also be helpful to discuss what will happen when you are reunited.
- Maintain a clear good-bye routine. This may include warning the child you are leaving in 2 minutes, a kiss and hug, or a wave from the window. Once you tell your child you are leaving, it is important to follow through. Extending the good-bye with, "Ok just one more kiss, and then I really have to go" tends to heighten anxiety rather than relieve it. Avoid sneaking out, as this seems to encourage children to become less trusting and makes the second day of school even harder.

Again, please know we are here to help make the first day of school a happy transition and we look forward to an exciting and fun year. Welcome!

Sincerely,

Michael Huggins - School Principal

Key Staff: At present, we have 3 teachers on staff, including native English-speakers and bilingual Japanese teachers. Our present native English-speaking teachers come from the United States and Canada. We only hire individuals with professional working visas, and/or permanent resident visas in order to prevent disruption in the daily lives of our students. (Note: Teachers on staff, does not refer to or specify the count of ‘on duty’ teachers at any one given time.)

General Ethos: We believe that education should promote the well-rounded development of individuals through the cultivation of their intellectual, creative, personal, social, and physical abilities. The school is committed to educating all students to be international and independent thinkers. We believe that the classroom and co-curricular activities should foster sensitivity to, and respect for, individual talents as well as differences. We believe that every student must learn to function both as an individual and as part of a group.

PROGRAM OVERVIEW

ABOUT THE PROGRAM

Our private School Program introduces your child to a formal education while embracing the idea that every child is smart in his or her own way. We focus on meeting each individual child's developmental and educational needs. Children are guided and encouraged by our elite, experienced teachers, and advance through our program at their own pace. Because children learn best when they are actively involved, each classroom includes rich learning materials for exploring. Self-directed investigations and play build problem-solving and critical thinking skills. Our teachers supplement these experiences with small group activities that encourage socialization. We give children the foundations that prepare them for an International Elementary School setting, and set them on a path of life-long learning and success.

ABOUT THE CURRICULUM

Our curriculum is aligned with the U.S. Department of Education's Common-Core Standards, and follows the principal guidelines for developmentally appropriate practices set forth by the National Association for the Education of Young Children (NAEYC). Our teaching method is based on extensive research and inspired by the work of respected development/early education theorists Jean Piaget, Erik Erikson and Lev Vygotsky, and inspired by Dr. Howard Gardner's theory of multiple intelligences. We've arranged these multiple intelligences into eight distinct ways that kids can be intelligent;

"The Eight Smart Method"

- **WordSmart:** Likes to read, write and tell stories and excels at learning and using new words.
- **MathSmart:** Explores patterns and numbers, and enjoys figuring out how things work.
- **BodySmart:** Uses body language, loves to move and play sports, excels at dancing and other physical activity.
- **DesignSmart:** "The visualizer" loves to understand maps, draw, build, design and create.
- **MusicSmart:** Has a natural sense of rhythm, and enjoys singing, playing instruments and listening to music.
- **NatureSmart:** Likes to be outside and care for living things.
- **PeopleSmart:** "The socializer" likes to work in groups, pretends to be someone else, and is sensitive to the feelings of others.
- **SelfSmart:** Likes to be introspective, is in-tune with their personal feelings and thoughts and enjoys working alone.

Our curriculum gives children the tools they need to grow and develop into the leaders of tomorrow. Along with a strong emphasis on mathematics and literacy skills, our program give children a framework they can use throughout school – they learn to love learning.

(NOTE: The registration fee is non-refundable.)

- Tokyo Mitsubishi UFJ Bank: 【Kamiooka Branch】 Regular Savings: 1470717 【Account Holder】 Princeton Academy Ltd.
- 三菱東京 UFJ 銀行【支店名】上大岡支店【口座番号】(普通)1470717【口座名義】(有)プリンストンアカデミー
- Post Office Bank: 【Prefix】 10230 【Account#】 94530451 【Account Holder】 Princeton Academy Ltd.
- ゆうちょ銀行【記号】 10230【番号】 94530451【名義】(有)プリンストンアカデミー
- Payment by Credit Card: All payments are billed through PayPal, and a 3.9% processing fee will apply.
- クレジットカード払いをご利用の場合は、3.9%の手数料がかかります。PayPal アカウントの登録が必要です。(登録が無料です。)

● Step #2: Register for the Extended Childcare Service. (*Optional Service)

If you are a working parent and would like to use Princeton Academy's Extended Childcare Service, we ask that you register your child at the time of signing the enrollment contract, or as soon as possible thereafter. Space is very limited, and some restrictions do apply. For fees, rates, and other information, please see the Extended Childcare Registration form.

● Step #3: Contract: Reserving a date to contract and select a tuition payment option.

After confirming that the registration fee has been submitted, the school will draft your child's enrollment contract. Once it is ready for your review, we will ask you to come to the school to read and sign it. Please select a payment option, "1-Year, Full-Payment" or "Triannual-Payments, 3 installments". Be sure select an option that best fits your budget. **NOTE:** Once the contract is signed and agreed on by both parties, the payment option cannot be changed for 1 year.

● Step #4: Place an order for your child's uniforms.

We ask that all students "size" and "order" their uniforms at least 3 weeks before starting school.

※If you do not submit your order at least 3 weeks in advance, there is a chance that your child's uniforms will not arrive in time for the school start date.

NOTE: Some children grow faster than others, therefore, we ask that you order a bigger size to allow for growth. If you order a "just-fit" size, chances are you will be re-ordering uniforms before the end of the school year. For reorders, the standard uniform fee will apply.

● Step #5: Make your child's tuition and associated fees payment.

1. For all new students registering in April-July to start school in August, we ask that you remit your child's tuition and associated fees payment **no later than the 10th of July**.

2. If your child is to start school mid-term or two or more months later, we ask that you remit your child's tuition and associated fee payment **within 30 days** of signing the enrollment contract.

NOTE: Due to the increase in enrollment, resulting in a limited number of places available, the school cannot guarantee that a place will be available if the tuition and associated fees payment is not paid within the prescribed time as requested.
